Virtual Team Building: Crack the Code

Cost: \$13.50 per participant

Registration: Submit Unite fund request form to rebekah.mckoy@us.af.mil at least 30 days in advance.

Supplies Needed: (2) internet enabled devices. (1) To run Escape Room App and (1) for conferencing with the team on a platform of your choosing.

Participants: Minimum of 50 participants broken into groups of 3-5 persons.

Time Needed: 60 – 90 minutes

Event Summary

During Crack the Code, groups break into teams of 3-5 teams and search for and solve a variety of clues and puzzles to break out of a series of three screens pictured on their own device. Teams must use all of their varied skills to solve mental, visual, and audible clues; decipher puzzles; answer trivia questions and explore their game screens. Their goal? To free themselves before time runs out! The winning team is the one with the most points earned and the fastest escape time!

A Game Master is available remotely throughout the game. Teams can ask the Game Master for up to three hints via the messaging feature built into the game. In addition, a hotline can be called should teams need technical assistance.

A live scoreboard shows how teams fare. All are encouraged to play until time is up. The event can be held just for fun to determine which teams escaped. Or, one winner can be determined. If the latter is chosen, it's not necessarily the first team to gain their freedom that wins. Points are scored while solving clues, so these too are taken into account.

Therefore, the winning team is determined based on a combination of the fastest time and highest score.
